Attorneys for Respondents

**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF THE PETITION FOR
ADMINISTRATION BY A & B
IRRIGATION DISTRICT, AMERICAN
FALLS RESERVOIR DISTRICT #2,
BURLEY IRRIGATION DISTRICT,
MILNER IRRIGATION DISTRICT,
MINIDOKA IRRIGATION DISTRICT,
NORTH SIDE CANAL COMPANY, and
TWIN FALLS CANAL COMPANY

**GROUND WATER USERS' AMENDED
ANSWER TO PETITION FOR WATER RIGHT
ADMINISTRATION AND DESIGNATION OF
ESPA AS A GROUND WATER
MANAGEMENT AREA**

Idaho Ground Water Appropriators, Inc. ("IGWA"), its ground water district members, Aberdeen-American Falls Ground Water District, Magic Valley Ground Water District, Bingham Ground Water District, North Snake Ground Water District, Bonneville-Jefferson Ground Water District, Southwest Irrigation District, Madison Ground Water District and those persons listed in Exhibit A and Exhibit B attached hereto and incorporated herein (collectively "Respondents" or "Ground Water Users") through their counsel Givens Pursley LLP hereby submit this amended joint response ("Amended Answer") to the *Petition for Water Right Administration and Designation of the Eastern Snake Plain Aquifer as a Ground Water Management Area* dated

January 14, 2005 and filed by A&B Irrigation District, Milner Irrigation District, Minidoka Irrigation District, Burley Irrigation District, American Falls Reservoir District #2, North Side Canal Company and Twin Falls Canal Company (collectively, "Petitioners").

This Amended Answer is filed pursuant to Department Rule of Procedure 305 and I.R.C.P. 15 to include the additional Respondents listed in Exhibit B attached hereto. These additional Respondents are holders of ground water rights who were served with Notices of Petition by the Petitioners. No responsive pleading to the original answer has been filed, no hearing date has yet been set, and this Amended Answer is filed less than twenty days after the original Answer. Further, no party will be prejudiced by the filing of this Amended Answer.

ANSWERS TO ALLEGATIONS IN PETITION

1. Respondents are without knowledge or information sufficient to form a belief as to the truth of the allegations of paragraphs 1-15 of the Petition and therefore deny the same.
2. In answer to paragraph 16 of the Petition, Respondents are without knowledge or information sufficient to form a belief as to the truth of the allegations of the first sentence of paragraph 16 or the information depicted in Exhibit A to the Petition, and therefore, deny the same. The remaining allegations contained in paragraph 16 are denied.
3. In answer to paragraphs 18 and 19 of the Petition, Respondents object on the basis that these paragraphs call for conclusions of law to which no response is required. Without waiving such objection, Respondents deny all allegations of paragraphs 18 and 19.
4. Respondents are without knowledge or information sufficient to form a belief as to the truth of the allegation of paragraph 20 of the Petition and therefore deny the same, including a specific denial that Respondents are causing material injury to the rights of Petitioners.

5. In answer to paragraph 21 of the Petition, Respondents object on the basis that the paragraph calls for conclusions of law to which no response is required. Without waiving such objection, Respondents admit the ESPA has been designated as an area of common ground water supply but deny the remaining allegations of this paragraph.

6. In answer to paragraph 22 of the Petition, Respondents object on the basis that the paragraph calls for conclusions of law to which no response is required and the Director's orders speak for themselves. Without waiving such objection, Respondents admit that the Director previously designated by Order a portion of the ESPA as the American Falls Ground Water Management Area, which Order subsequently was amended. Except as specifically admitted in this paragraph 6, Respondents deny the remaining allegations of paragraph 22.

7. In answer to paragraph 23 of the Petition, Respondents object on the basis that the paragraph calls for conclusions of law to which no response is required. Without waiving such objection, Respondents admit the Petitioners have filed a water right delivery call for administration of water rights in Water District 120, but deny the remaining allegations of paragraph 23.

8. Paragraph 24 of the Petition does not require an admission or denial.

AFFIRMATIVE DEFENSES

9. FIRST DEFENSE. Respondents deny each allegation of the Petition not specifically admitted herein.

10. SECOND DEFENSE. The Petition fails to state a claim upon which relief may be granted.

11. THIRD DEFENSE. Forfeiture and/or abandonment. Petitioners have forfeited and/or abandoned all or portions of the water rights they assert as the basis of the Petition for failure to beneficially use the full allocation of water.

12. FOURTH DEFENSE. Prematurity; Lack of Ripeness. Petitioners' action is prematurely brought and is not ripe for decision. No order granting Petitioners' requested relief may be issued except following a hearing before a duly appointed ground water board.

13. FIFTH DEFENSE. Violation of public policy. Petitioners' action is barred as a matter of public policy because Petitioners seek to curtail the necessary water supply to several hundred thousand acres of irrigated crop land in southern Idaho, with devastating impacts to Idaho's economy, yet this relief, if granted, would not likely produce meaningful supplies of water to Petitioners or significantly increase their irrigated acreage, if at all.

14. SIXTH DEFENSE. Unconstitutionality. The remedy Petitioners seek in the Petition would violate the Idaho constitutional requirement to maximize use of the water resources of the State of Idaho.

15. SEVENTH DEFENSE. Violation of Statute - Full Economic Development. The remedy Petitioners seek in the Petition would violate the stated policy of the State of Idaho of full economic development of ground water resources as enunciated in Idaho Code, Title 42, Chapter 2 and elsewhere.

16. EIGHTH DEFENSE. Futile Call. Curtailment of Respondents' water rights would not make water available at a time, place or in quantities so as to be beneficially used by Petitioners.

17. NINTH DEFENSE. Waste. The relief requested by Petitioners in the Petition would result in the impermissible waste of the State's water resources.

18. TENTH DEFENSE. Waiver. By affirmatively consenting to the Respondents' ground water appropriations and continued ground water diversions for periods in excess of fifty years, Petitioners have waived any right to pursue a delivery call against Respondents.

19. ELEVENTH DEFENSE. Laches; Unreasonable Delay. Petitioners are guilty of laches and unreasonable delay in bringing this action and in asserting any cause of action against Respondents or Respondents' water rights, and such laches and unreasonable delay were without good cause and substantially prejudiced Respondents.

20. TWELFTH DEFENSE. Estoppel. Petitioners are estopped from bringing this action because of, *inter alia*, Petitioners' failure to take preventive measures, their unreasonable delay in asserting their rights, if any, the Respondents' development of their water rights in reliance thereon, and the substantial detriment to Respondents that otherwise would occur.

21. THIRTEENTH DEFENSE. Unclean hands. To the extent that Petitioners' available water supply may be less than the quantities available under their original appropriations, such lessened supply is substantially the result of Petitioners' own voluntary actions, including but not limited to the elimination of Petitioners' winter water diversions, changes in Petitioners' irrigation practices and Petitioners' storage rental activities.

22. FOURTEENTH DEFENSE. Failure to take preventive measures. Petitioner negligently failed to take proper and adequately protective and preventive measures to prevent or minimize the alleged injuries complained of in this action, and such negligence caused, contributed to, or aggravated said alleged injuries.

PRAYER FOR RELIEF

Respondents request the following relief:

1. That the Director deny the Petition's requested relief.

2. That an Order be rendered in favor of Respondents.
3. For such other relief as the Director deems proper.

RESPECTFULLY SUBMITTED this 5th day of May 2005.
